11. (U) EmbOff contacted Royal Netherlands Air Force (RNLAf) officials to inquire about application 050125454 for the export of C-130 aircraft components to the Netherlands. The RNLAf did order the items listed reftel from Trans-Aero.

12. (SBU) RNLAf officials said they had an ongoing procurement relationship with Trans-Aero. They said Trans-Aero does have a small office in the Netherlands, but it is little more than a desk. It is standard RNLAf procedure for all goods purchased from Trans-Aero to be shipped from the United States to Dubai Duty Free Zone, where the goods are quality checked and shipped onward to the RNLAf's Eindhoven base.
